Il Pulcino Bagnato

VIDEO

Piccole Rime - Poesia Italiana

Dalla collana "Piccole Rime" di Onde.

Un pulcino cerca riparo dalla pioggia sotto le ali della mamma chioccia.

Che Dice la Pioggerellina

VIDEO

Piccole Rime - Poesia Italiana

Dalla collana "Piccole Rime" di Onde.

"Che dice la pioggerellina di marzo, che picchia argentina sui tegoli vecchi del tetto..."

Poesia di Angiolo Silvio Novaro.

Giro di Vite

TESTO

Poesia

Giro di vite, vita,
tiro di follia.
Trecentosessantacinque raggiri
intorno al sole,
dozzine di giramenti di testa,
miliardi i giri a vuoto
allato
al cuore.

Loto

TESTO

Poesia - Il Cosmo Dissommerso

Non estirpare il male dal tuo cuore.
Non cercare di spegnere il dolore.

Terra da coltivare.
Fango su cui fiorire.

Il Cosmo Dissommerso

TESTO

Poesia - Il Cosmo Dissommerso

nella tua testa
c'è tutto l'universo
c'è una sorgente di tempesta
c'è il cosmo dissommerso

Y Lan

TESTO

Poesia - Y Lan

Ci separa la notte smisurata,
per unirci abbiamo solo i pensieri.
L'intera notte può essere colmata
dai sogni, finché li crediamo veri.

Stelle

TESTO

Poesia

ogni atomo, elemento
di cui è composto il mondo
lo ha forgiato in un quanto
nello spazio profondo
una stella bruciando.

Jacaranda

TESTO

Poesia - Il Cosmo Dissommerso

Il vento mi attraversa, mi cancella.
Il mare è la sua ancella
e l'anima ci sversa la sua scorza.

The wind flows through me. Erases me.
His maid is the sea
And the soul spills her skin.

Volare

TESTO

Poesia

sognare di volare
è come liberare
un animale

☐ Approva ☐ Rifiuta ☐ Da modificare

Terra e Stelle

TESTO

Poesia

Dentro la terra
Verso le stelle
Tendiamo rami
Stendiamo mani

PR Agent

TESTO

Building in Public - Automation

Our PR agent posts automatically now. Sometimes automation is just teaching robots to do your job so you can do a better one.

Kids QA

TESTO

Building in Public - Kids Apps

A 4-year-old tested our app and found 3 bugs I missed. Hiring kids as QA: unethical but effective.

Code for Kids

TESTO

Building in Public - Kids Apps

Writing code for children means writing code your future self can understand. Turns out that's just... good code.

Make It Squishy

TESTO

Building in Public - Kids Apps

Every recipe in our cooking game was tested by actual kids. Their feedback: 'Make it more squishy.' Working on it.

Kids App Reality

TESTO

Building in Public - Kids Apps

Shipping a kids' app means parental controls, COPPA compliance, and testing on devices with sticky screens. The glamorous life.

Design for Chaos

TESTO

Building in Public - Kids Apps

Kids don't read tutorials. They tap everything. Design for chaos, build for curiosity.

Sound UX

TESTO

Building in Public - Kids Apps

Game dev for kids means every interaction needs sound feedback. Taps, swipes, success, failure. Audio is half the UX.

2 AM Tests

TESTO

Building in Public - Automation

Our Unity test automation runs at 2 AM. I wake up to either green checkmarks or a to-do list. The machines never sleep.

3 AM Bug

TESTO

Building in Public - Automation

Automated tests caught a bug at 3 AM that would have taken me hours to find. The robots are earning their keep.

Factory Loop

TESTO

Building in Public - Automation

The factory loop: build, test, fix, repeat. Let the machines do the boring parts while you sleep.

Batch Mode

TESTO

Building in Public - Automation

Unity batch mode is beautiful. Headless builds, automated tests, no mouse required.
The CLI always wins.

Telegram Bot

TESTO

Building in Public - Automation

Set up a Telegram bot to post on X automatically. Now I'm teaching AI to do social media so I can do more coding.

YAML Life

TESTO

Building in Public - Automation

Today I wrote more YAML than C#. CI/CD pipelines are the code nobody talks about at conferences.

Factory System

TESTO

Building in Public - Automation

Added a factory automation system. Code builds overnight, tests run, Telegram pings me if something breaks. Sleep-driven development.

LaunchAgents

TESTO

Building in Public - Automation

LaunchAgents on macOS: cron jobs but fancier. The factory runs at 2 AM, the PR posts at 9:30 PM. Robots on schedule.

Auto Commit Tweet

TESTO

Building in Public - Automation

The PR agent now picks the most interesting commit of the day and tweets about it. Building in public, automated.

VR Dizzy Test

TESTO

Building in Public - VR

VR development rule: if it makes you dizzy, it'll make your users sick. Testing on yourself is non-negotiable.

☐ Approva ☐ Rifiuta ☐ Da modificare

Quest Dev Time

TESTO

Building in Public - VR

Meta Quest development: 80% waiting for builds, 15% fixing platform-specific bugs, 5% actual game code.

☐ Approva ☐ Rifiuta ☐ Da modificare

VR Comfort

TESTO

Building in Public - VR

VR comfort settings are accessibility features. Motion sickness options aren't optional, they're mandatory.

☐ Approva ☐ Rifiuta ☐ Da modificare

Quest 3 Passthrough

TESTO

Building in Public - VR

Quest 3 passthrough makes office simulation weird. Your real desk, virtual coworkers. The future of remote work nobody asked for.

Ship It

TESTO

Building in Public - Game Dev

The hardest part of game dev isn't the code. It's knowing when to stop adding features and ship something.

Six Apps

TESTO

Building in Public - Game Dev

Six apps in parallel, one developer. The secret? Shared architecture and a lot of copy-paste between projects.

PDF Margins

TESTO

Building in Public - Onde

Publishing a digital book is 10% writing, 90% figuring out why the PDF margins are wrong. Every. Single. Time.

☐ Approva ☐ Rifiuta ☐ Da modificare

Unity 6

TESTO

Building in Public - Game Dev

Unity 6 is fast. Like, noticeably fast. The editor doesn't freeze when I hit play anymore. Small wins.

23 Tests

TESTO

Building in Public - Game Dev

The test framework wasn't installed. 23 tests, all failing because of one missing package. Unity dependency hell is real.

☐ Approva ☐ Rifiuta ☐ Da modificare

KidsMusicStudio

TESTO

Building in Public - Kids Apps

Music creation app for kids: drag and drop instruments, make beats. Teaching composition without sheet music.

☐ Approva ☐ Rifiuta ☐ Da modificare

BusinessIsBusiness

TESTO

Building in Public - VR

BusinessIsBusiness: a VR office simulator where you manage virtual employees. Yes, it's as meta as it sounds.

☐ Approva ☐ Rifiuta ☐ Da modificare

KidsChefStudio

TESTO

Building in Public - Kids Apps

KidsChefStudio: 1035 lines of game code sat untouched for months. Today it finally runs. Sometimes you just need fresh eyes.

XP Math

TESTO

Building in Public - Kids Apps

Fixed the XP system today. Cumulative thresholds, not incremental. Level 5 = 1000 XP total, not 1000 XP after level 4. Math matters.

☐ Approva ☐ Rifiuta ☐ Da modificare

Chef Levels

TESTO

Building in Public - Kids Apps

Our cooking game has 8 chef levels. From Kitchen Helper to Master Chef. Gamification of Italian grandma's recipes.
